

Nucleate Seattle

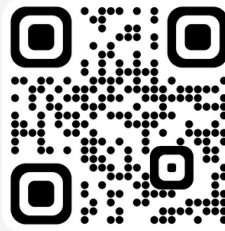

Hybrid Info Session & Networking Social

June 2 2022

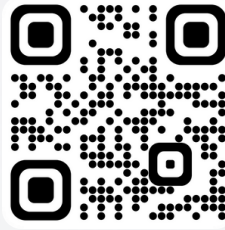

Nucleate is a nonprofit bio-entrepreneurship program that facilitates the formation of life sciences ventures without taking equity.

Our proven track record of empowering trainees is uniquely enabled by our structured educational framework and world-class network & resources.

To learn more about how you can join our nation-wide community join us for our first information session!

Seattle WA 98105

“Without Nucleate, Glyphic would never have been formed. We met through the program and quickly formed Glyphic with the expertise, mentorship, and resources we received. We're fortunate to have had Nucleate as our launchpad.”
